MAY 2000

MAY MEETING AND YOUNG EAGLES

DON'T MISS THE MAY MEETING! We will be opening nominations for a slate of Chapter Officers and Directors. The vote will be done by mail so as to assure a quorum. The mail vote package will also contain a copy of the present and proposed by-laws, which we will be voting to adopt. Please respond promptly when you receive this mailing!

EAA 932 monthly meetings are now on ***second Saturdays*** at 10 AM followed by Young Eagle Rallies from 11 to 4 PM (through October). We need pilots, planes, and help on the ground with everything from briefing and loading Young Eagles, to doing paperwork and flipping burgers. And we need Young Eagles! Do you have a young friend, relative or neighbor between the ages of 8 and 17? Bring them out. Parental consent forms are available beforehand (Galt Airport Office) if the parent won't be accompanying the Young Eagle.

Please show up and/or contact our Young Eagles Coordinator, **Steve Dame at 815-759-5921, or e-mail him at Stephen_dame@rocketmail.com** (that's an underscore, not a dash or hyphen).

MORE ON YOUNG EAGLES

Anyone is welcome to help. To fly Young Eagles you must be an EAA member, but you don't have to be a local chapter member. If you have at least $100,000 liability insurance, you are also covered by an additional $1 million EAA umbrella policy while flying Young Eagles. You are not subject to the drug and alcohol testing requirements of FARs 135 and 121 as long as you accept no cash contributions either for yourself or EAA, or any other compensation, such as fuel. Your actual expenses, including aircraft rental, are tax deductible as charitable contributions.

Come join us on 2nd Saturdays from now through October. Contact Young Eagles coordinator, Steve Dame (see above article) to see where you're needed.

SPECIAL WORK SESSION MAY 21, 10 AM

Hey, we've got a pretty full plate on the 2nd Saturday, what with the regular meeting and Young Eagles, so how about showing up on the 3rd Saturday for a little (much needed) Chapter work session? Here's what needs to be done and the tools necessary:

- Clean up our tables and chairs and get them under a permanent tarp cover. (Garden hose-about 200'; buckets and scrub brushes.) Anyone have a power washer?)
- Replace missing shingles. (Carpenters tools.)
- Build railings/benches around deck. (Carpenters tools)
- Weed flowerbed. (Shovels, hoes, rakes, etc...)

If anyone would like to work on any of these projects at some other time, call John Wise: **815-653-3966** or e-mail at: **flydvii@aol.com**

HOW'D YOU LIKE TO HAVE A PIECE OF JOHN DOE?

After last month's field trip to see Steve Nusbaums "John Doe" kit production facility, a Chapter member decided to purchase one of the prototypes. This is not a Chapter project. It was purchased by John Wise, along with all the materials needed to finish the covering process. John says, "Several members are interested in going into a partnership with me. I have arranged a financing program for anyone that is interested in becoming a partner in this plane. This plane will only be available to its owners, so if you would like to know more details, attend the meeting on Sat. (May 13) or contact me ASAP. The plane will be in the hangar so you can check it out. This offer is good until the end of May." (See above article for John's contacts.)

NEW RATINGS

Congratulations are long overdue to that good looking line gal, Keri Wiznerowicz who earned her Private in January. Randy Keinz, Michael Hunter and Mark Oligney achieved the same in April. And Joe Standley got his instrument, also in April. Way t' go, all of you!
